

## Dining @ Tanderra

Our goal is to ensure that the food you enjoy in Tanderra is always the best seasonal produce, sourced locally from the farmers and fishermen of our village.

Tanderra's private chef is skilled in a number of Sri Lankan and regional specialties. We believe that an important part of a good holiday is delicious food, and we aim to please from delectable rice and curries to seafood BBQs.

In true homestay style your chef will sit with you the day before to plan your meals for the next day enabling us to go to the market and the harbor early in the morning to secure the best and freshest produce of the day.
